Collecting pupil information

We collect pupil information via Data Collection Forms and Common Transfer File (CTF) or secure file transfer from previous school.

Whilst the majority of pupil information you provide to us is mandatory, some of it is provided to us on a voluntary basis. In order to comply with the General Data Protection Regulation, we will inform you whether you are required to provide certain pupil information to us or if you have a choice in this.

We intend to collect consent to process information for photographs; school trips; library loans (currently Year 7 pupils only); and cashless catering; please note, you have a right to withdraw consent at any time and can contact the school to do this.

If you provide us with contact details of others, for example, in case of emergency or when you may not be available, please ensure that they are aware their information has been passed to the school.

We will also receive the above types of personal information, where relevant, from the previous school and may also receive information from the Local Authority (LA) and the DfE.

Storing pupil data

The information we collect, use and store about pupils and their parents/carers is retained on our computer systems and in paper files, either until it is updated/superseded or until the pupil leaves the school where it will be passed on to the receiving school in accordance with the Education (Pupil Information) England Regulations 2005. Records are retained by a Secondary school for the period of 25 years from the date of birth of the child. Further information on how long schools retain information can be seen in the Information Records Management Society Toolkit for schools available at this link: [School records retention periods](#)

Why we share pupil information

Youth support services

What is different about pupils aged 13+?

Once our pupils reach the age of 13, we also pass pupil information to our local authority and / or provider of youth support services as they have responsibilities in relation to the education or training of 13-19 year olds under section 507B of the Education Act 1996.

This enables them to provide services as follows:

- youth support services
- careers advisers

The information shared is limited to the child's name, address and date of birth. However where a parent or guardian provides their consent, other information relevant to the provision of youth support services will be shared. This right is transferred to the child / pupil once they reach the age 16.

For more information about services for young people, please visit our local authority website: <http://www.dudley.gov.uk/kids/>

For more information about young people's services, please go to the National Careers Service page at <https://nationalcareersservice.direct.gov.uk/aboutus/Pages/default.aspx>.

It is strongly recommended that pupils and their parents consider the importance and value of the information being shared with Youth Support Services as this information is used to identify young people within Dudley schools who will need support from the Connexions service to move to a positive destination after leaving school and therefore complies with the Raising of the Participation Age.

How Government uses your data

The pupil data that we lawfully share with the DfE through data collections:

- underpins school funding, which is calculated based upon the numbers of children and their characteristics in each school.
- informs 'short term' education policy monitoring and school accountability and intervention (for example, school GCSE results or Pupil Progress measures).
- supports 'longer term' research and monitoring of educational policy (for example how certain subject choices go on to affect education or earnings beyond school).

Data collection requirements

To find out more about the data collection requirements placed on us by the Department for Education (for example; via the school census) go to <https://www.gov.uk/education/data-collection-and-censuses-for-schools>.

The National Pupil Database (NPD)

Much of the data about pupils in England goes on to be held in the National Pupil Database (NPD).

The NPD is owned and managed by the Department for Education and contains information about pupils in schools in England. It provides invaluable evidence on educational performance to inform independent research, as well as studies commissioned by the Department.

It is held in electronic format for statistical purposes. This information is securely collected from a range of sources including schools, local authorities and awarding bodies.

To find out more about the NPD, go to <https://www.gov.uk/government/publications/national-pupil-database-user-guide-and-supporting-information>.

Sharing by the Department

The law allows the Department to share pupils' personal data with certain third parties, including:

- schools
- local authorities
- researchers
- organisations connected with promoting the education or wellbeing of children in England
- other government departments and agencies
- organisations fighting or identifying crime

For more information about the Department's NPD data sharing process, please visit:
<https://www.gov.uk/data-protection-how-we-collect-and-share-research-data>

Organisations fighting or identifying crime may use their legal powers to contact DfE to request access to individual level information relevant to detecting that crime. Whilst numbers fluctuate slightly over time, DfE typically supplies data on around 600 pupils per year to the Home Office and roughly 1 per year to the Police.

For information about which organisations the Department has provided pupil information to (and for which project), or to access a monthly breakdown of data share volumes with Home Office and the Police, please visit the following website: <https://www.gov.uk/government/publications/dfe-external-data-shares>
